1. Referenced suggestion falls into the "great minds" category. You will be pleased to know that OP has already embarked on a program to track FY-85 recruitment progress in a system very similar to that you suggest.

2. When they finish the first cut, they will send it over for our comments.

I would like to receive, on a regular basis, a chart which illustrates how well we're doing on the recruitment front. Attached is my suggested approach; improvements are welcome.

- I would prefer it component by component
- bimonthly would be about right
- probably the clerical problem should be dealt with at Directorate level and separately.

Probably this should be sent to the Deputies as well. Any reason why it can't be distributed via AIM?
